

## Covid-19 is Nature's Response To Climate Change

The "Pope says coronavirus could be 'nature's response' to climate change". Pope Francis likened the coronavirus pandemic to recent fires and floods as one of "nature's responses" to the world's ambivalence to climate change. - *Foxnews.com* 04/09/2020

## Avoiding a Climate Lockdown

As Covid-19 spread earlier this year, governments introduced lockdowns to prevent a public-health emergency from spinning out of control. In the near future, the world may need to

resort to lockdowns again – this time to tackle a climate emergency... Under a 'climate lockdown', governments would limit private-vehicle use, ban consumption of red meat and impose extreme energy-saving measures, while fossil-fuel companies would have to stop drilling. To avoid such a scenario, we must overhaul our economic structures and do capitalism differently. - *Socialeurope.eu* 09/30/2020

## Climate Lockdowns And Sunday Lockdowns

Covid Emergency, Climate Emergency: Same Thing - *Zerohedge.com* 02/14/23

At the height of the Covid lockdown, Sunday lockdowns became a popular mandate in some countries like India and Canada.

**Tamil Nadu announces Sunday lockdown;** more restrictions to follow. - *oneindia.com* 01/05/2022

**Quebec reimposes Sunday lockdowns...** imposing a curfew in an effort to curb the spread of the highly contagious Omicron variant, as well as closing restaurant dining rooms, delaying the reopening of schools and closing non-essential businesses on Sundays... People who do not have a valid reason for being out of their homes between the hours of 10 p.m. and 5 a.m. risk a fine of between \$1,000 and \$6,000, said Legault. He did not announce an end date for the curfew, but said it would be the first restriction to be removed once the situation has improved... Places of worship must also close, except for funerals with up to 25 people in attendance. - *stvincenttimes.com* 01/01/2022

Remember that in 2020, **Most Quebec stores were closed on Sundays** as coronavirus cases mount. - *montrealgazette.com* 03/20/2020

The pope must have his "climate change" agenda setup as believable and embraced by all both church and political leaders so as to declare we all need to keep Sunday holy to try and stop the calamities.

## Calamities Will Be Blamed Against The Obedient And SUNday Laws Will Be Enforced

In fact, the "Christmas Tsunami" in 2004 that killed almost 300,000 people was claimed to be the end result of people refusing to go to church on Sunday! Truth is, Satan will use lies as well as physical force via "the powers that be" to demand anyone keeping the true 7th day Sabbath holy and not the Roman Sunday Sabbath will be punished. First, with the loss of ability to buy and sell and then, a death penalty that demands they keep Sunday holy or die. Read the book of Esther on how a death decree was passed against God's people but God protected the faithful and delivered them.

Revelation 20:4 "And I saw the souls of them that were beheaded for the witness of Jesus, and for the word of God, and which had not worshipped the beast, neither his image, neither had received his mark upon their foreheads, or in their hands."

"The day of test and purification is just upon us. Signs of a most startling character appear, in floods, in hurricanes, in tornadoes, in cloudbursts, in casualties by land and by sea, that proclaim the approach of the end of all things. The judgments of God are falling on the world, that men may be awakened to the fact that Christ will come speedily." - *Review and Herald, November 8, 1892*

Yes, we may see warmer winters and somewhat colder summers as the return of the Lord draws nigh. But the word of God is plain. The climate will never change completely as the Pope and his lying scientists claim for it is written in Genesis 8:22 "While the earth remaineth, seedtime, and harvest, and cold and heat, and summer and winter, and day and night SHALL NOT CEASE."

**So what is the real agenda behind climate change?  
The global enforcement of SUNday worship.**

"And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads."  
Revelation 13:16

**Christian prophecy is that accurate!**

# THE **REAL** AGENDA BEHIND CLIMATE CHANGE

REVELATION 13:16

**THE natural calamities are here to herald the arrival of Jesus Christ.** The pope invented Climate Change to hide that truth and create a reason to enforce his coming "mark" - the Sunday Law Enforcement.

**"Sunday... It is the law of the Catholic Church alone."**

- *Catholic American Sentinels, June 1893*

**"Sunday is our MARK of authority... The church is above the Bible, and this transference of the Sabbath observance is a proof of that fact."**

- *Catholic Record of London, Ontario, September 1, 1923*

### INVENTION OF ROME

"The common enemy of humanity is man. In searching for a new enemy to unite us, we came up with the idea that pollution, the threat of global warming, water shortages, famine and the like would fit the bill. All these dangers are caused by human intervention, and it is only through changed attitudes and behavior that they can be overcome. The real enemy then, is humanity itself." - *the Club Of Rome*

### The Pope's Climate Change Encyclical and Sunday Rest

"On Sunday, our participation in the Eucharist has special importance. Sunday, like the Jewish Sabbath, is meant to be a day which heals our relationship with God, with ourselves, with others and with the world. Sunday is the day of the Resurrection, the "first day" of the new creation, whose first fruits are the Lord's risen humanity, the pledge of the final transfiguration of all created reality. It also proclaims "man's eternal rest in God". In this way, Christian spirituality incorporates the value of relaxation and festivity... And so the day of rest, centered on the Eucharist, sheds its light on the whole week, and motivates us to greater concern for nature and the poor." - *Laudato Si' para 237 (2015)*

### THE POPE SEEKS TO ENFORCE THE MARK IN 7 YEARS (2027-2028?)

**"Time is running out** - Pope Francis has set forth a seven-year project to save the planet, our common home..."

"Pope Francis very recently invited seven specific groups of people to further engage in a process of \*ecological conversion:\* families, schools, universities, dioceses, religious orders, hospitals and agriculture. These different realities are places that, in diverse ways, communicate with and relate to the earth, our human family and God. They can become places for experimenting with new ways of living, educating, teaching, researching, celebrating, governing, being in solidarity, managing, caring, working, eating, moving... The pope has suggested a timeframe of seven years for this process." - *international.la-croix 06/18/20*

Since the pope of Rome became the leader of the One World Church on June 26, 2000, and the Roman International Criminal Court became his globally recognized legal system by all nations in bed with him as of in March 2001 which took effect in April 2002 all the churches and governments of the world now bow to the pope as predicted in

Revelation 13:3-4 that this antichrist beast is a world power which the world "wonders after".

Do you recall when the Lord descended upon Mount Sinai how the people and the mountain itself trembled at His presence?

Exodus 19:16-18 "And it came to pass on the third day in the morning, that there were thunders and lightnings, and a thick cloud upon the mount, and the voice of the trumpet exceeding loud; so that all the people that was in the camp trembled. And Moses brought forth the people out of the camp to meet with God; and they stood at the nether part of the mount. And mount Sinai was altogether on a smoke, because the LORD descended upon it in fire: and the smoke thereof ascended as the smoke of a furnace, and the whole mount quaked greatly."

As the days of our Lord's return comes closer to realization, we also see the world trembling. Earthquakes now averaging 2,000 to 4,000 a week as well as natural disasters all over the world get worse and worse and frequent. Even animals, birds, fish and insects are dying because of the sinfulness of society fulfilling the prophecy in Hosea 4:1-3. Yes, we expect these things to happen right before Jesus returns. Satan knows all these to be a major signs of the end so he use this for his advantage. He moved Rome to confuse the masses as to why this is happening today so as to divert the minds to the prophetic truth. He is claiming that since it's all our fault that we, as humans, can do something to control this strange occurrences when in fact nothing can be done to stop it. It's all a lie!
