

predicted in Revelation 13:3-4 that this antichrist beast is a world power which the world "wonders after".

Do you recall when the Lord descended upon Mount Sinai how the people and the mountain itself trembled at His presence? (*Read Exodus 19:16-18*).

"And it came to pass on the third day in the morning, that there were thunders and lightnings, and a thick cloud upon the mount, and the voice of the trumpet exceeding loud; so that all the people that was in the camp trembled. And Moses brought forth the people out of the camp to meet with God; and they stood at the nether part of the mount. And mount Sinai was altogether on a smoke, because the LORD descended upon it in fire: and the smoke thereof ascended as the smoke of a furnace, and the whole mount quaked greatly." *Exodus 19:16-18*

As the days of our Lord's return comes closer to realization, we also see the world trembling. Earthquakes now averaging 2,000 to 4,000 a week as well as natural disasters all over the world get worse and worse and frequent. Even animals, birds, fish and insects are dying because of the sinfulness of society fulfilling the prophecy in Hosea 4:1-3. Yes, we expect these things to happen right before Jesus returns. Satan knows all these to be a major signs of the end so he use this for his advantage. He moved Rome to confuse the masses as to why this is happening today so as to divert the minds to the prophetic truth. He is claiming that since it's all our fault that we, as humans, can do something to control this strange occurrences when in fact nothing can be done to stop it. It's all a lie!

Just like the planned-demic is a political theater to set up the things needed to enforce the mark - which is awful, climate change could actually be worse!

### **Covid-19 is Nature's Response' To Climate Change**

The "Pope says coronavirus could be 'nature's response' to climate change". "Pope Francis likened the coronavirus pandemic to recent fires and floods as one of "nature's responses" to the world's ambivalence to climate change." – *Foxnews.com*

"As Covid-19 spread earlier this year, governments introduced lockdowns to prevent a public-health emergency from spinning out of control. **In the near future, the world may need to resort to lockdowns again—this time to tackle a climate emergency.**" – *Socialeurope.eu*

The pope must have his "climate change" agenda setup as believable and embraced by all both church and political leaders so as to declare we all need to keep Sunday holy to try and stop the calamities.

In fact, the "Christmas Tsunami" in 2004 that killed almost 300,000 people was claimed to be the end result of people refusing to go to church on Sunday! Truth is, Satan will use lies as well as physical force via the powers that be to demand anyone keeping the true 7th day Sabbath holy and not the Roman Sunday Sabbath will be punished. First, with the loss of ability to buy and sell and then, a death penalty that demands they keep Sunday holy or die. Read the book of Esther on how a death decree was passed against God's people but God protected the faithful and delivered them.

Revelation 20:4. "And I saw the souls of them that were beheaded for the witness of Jesus, and for the word of God, and which had not worshipped the beast, neither his image, neither had received his mark upon their foreheads, or in their hands."

"The day of test and purification is just upon us. Signs of a most startling character appear, in floods, in hurricanes, in tornadoes, in cloudbursts, in casualties by land and by sea, that proclaim the approach of the end of all things. The judgments of God are falling on the world, that men may be awakened to the fact that Christ will come speedily." - Review and Herald, Nov. 8, 1892.

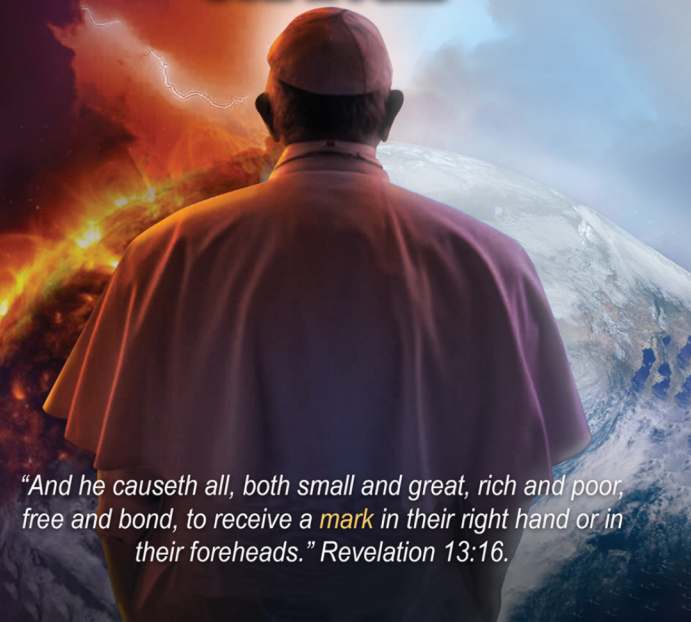

Yes, we may see warmer winters and somewhat colder summers as the return of the Lord draws nigh. But the word of God is plain. The climate will never change completely as the Pope and his lying scientists claim for it is written in Genesis 8:22 "While the earth remaineth, seedtime, and harvest, and cold and heat, and summer and winter, and day and night SHALL NOT CEASE."

# **THE REAL AGENDA BEHIND CLIMATE CHANGE**

*"And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand or in their foreheads." Revelation 13:16.*

The natural disasters are here to herald the arrival of Jesus Christ. The pope invented climate change to hide that truth and create a reason to enforce his coming mark - *the Sunday Law Enforcement*.

- *Catholic American Sentinels, June 1893*

## INVENTION OF ROME

"The common enemy of humanity is man. In searching for a new enemy to unite us, we came up with the idea that pollution, the threat of global warming, water shortages, famine and the like would fit the bill. All these dangers are caused by human intervention, and it is only through changed attitudes and behavior that they can be overcome. The real enemy then, is humanity itself." - *the Club Of Rome*

## The Pope's Climate Change Encyclical

"On Sunday, our participation in the Eucharist has special importance. Sunday, like the Jewish Sabbath, is meant to be a day

which heals our relationship with God, with ourselves, with others and with the world. Sunday is the day of the Resurrection, the "first day" of the new creation, whose first fruits are the Lord's risen humanity, the pledge of the final transfiguration of all created reality. It also proclaims "man's eternal rest in God". In this way, Christian spirituality incorporates the value of relaxation and festivity... And so the day of rest, centred on the Eucharist, sheds its light on the whole week, and motivates us to greater concern for nature and the poor." - *Laudato Si' para 237 (2015)*

## THE POPE SEEKS TO ENFORCE THE MARK IN 7 YEARS

**"Time is running out** - Pope Francis has set forth a seven-year project to save the planet, our common home...

"Pope Francis very recently invited seven specific groups of people to further engage in a process of \*ecological conversion: families, schools, universities, dioceses, religious orders, hospitals and agriculture. These different realities are places that, in diverse ways, communicate with and relate to the earth, our human family and God. They can become places for experimenting with new ways of living, educating, teaching, researching, celebrating, governing, being in solidarity, managing, caring, working, eating, moving... The pope has suggested a timeframe of seven years for this process." - *international.la-croix.com*

\*"Ecological conversion also means dealing with time differently, both as an individual and as a society. We need to rediscover the "rhythm of time the alternation between work and rest with Sunday as the commonly shared weekly day of rest." - *TimesofMalta.com*
